Dear Friends,

As you know, after more than 30 years of service, Congressman Lamar Smith announced his decision to retire at the end of his current term in 2018. This is a crucial moment for us to come together to act with urgency and responsibility in the primary on March 6, 2018 -- to choose the next Republican to represent the 21st District of Texas and champion our conservative principles in Washington.

The filing deadline closed yesterday, December 11, 2017, and we now know the full slate of Republicans who have entered the race to replace Congressman Smith.

With that in mind, we are writing to you to introduce William Negley, a man who has already proven his commitment to protecting and preserving our great country. Some of you may know William through his deep connections to Texas and the 21st District, his unique professional experiences and qualifications, and his service to protect our nation from the terrorist threat overseas. For those of you who want to learn more, or may not be familiar with William's background, we would like to share with you why we are supporting him and asking you to join with us.

William is a seventh generation Bexar Countian who followed in the footsteps of generations of his family's service to our country. He is a veteran of the CIA where he served as an undercover intelligence officer in places like Afghanistan, and managed a wide range of counterterrorism and intelligence efforts. Our country deeply needs leaders like William, who have first-hand experience in dealing with the threats against our nation and delivering solutions to help protect our country.

William has seen first-hand the toll that service to our country can take on our brothers and sisters in the armed services, and the crises they face when they come home. Recognizing a critical need to honor and support those who sacrifice for all of us, William founded a non-profit to connect veterans and those who serve with counselors and peers who can assist with PTSD and the transition to civilian life. GENERALLY, OUR LEADERS TALK TOO MUCH AND DO TOO LITTLE, BUT WILLIAM IS DIFFERENT.

A lifelong Republican, William has worked, volunteered, and supported numerous Republican campaigns, candidates, and leaders. He believes in greatly limiting the power of the federal government. William needs and wants your support to do just that. He wants to look you in the eye, shake your hand, and let you see for yourself what he is made of--and hear what matters most to you. We are committed to helping him do that.

Our community, our families, and our businesses depend on the actions we take today to choose and support the right person to represent us in the United States Congress. We must stand behind William now. Time and resources are so vital to our success in this short time frame. We support William, and we ask you to do the same with a commitment of \$2,700 each.

Please go online to negleyforcongress.com and learn more about William, make your commitment to support him today, and vote for him in the March 6, 2018 primary. We absolutely need William Negley as our next Congressman! We have a winner! Go William!

We Ride at Dawn!

With Joy,
